

TESORO

FOLDING DOOR SYSTEM

OPEN YOUR HOME TO ENDLESS POSSIBILITIES

ENHANCE YOUR VIEW OF THE WORLD

BEAUTIFY ANY SPACE

With a clean and sophisticated design sensibility, **TESORO's** expansive glass surfaces are designed to draw welcoming daylight and scenic views indoors.

FEATURES + BENEFITS

- » The choice of homeowners, architects and designers inspired to add lasting beauty and value to their residential and commercial projects
- » Aluminum exterior doors in a selection of colours ensure a low maintenance exterior with the elegance and versatility of a wood interior
- » More than 25 possible configurations, with options for glazing and finishing to personalize your door system for your space
- » Suited to residential homes and to commercial environments, adaptable to either new construction or renovations
- » Expand your home or commercial space by opening walls to create transitional outdoor rooms and gathering places

Open your space to the outdoors when you open your **TESORO**. This unique glass folding door system, crafted exclusively by Lux, easily opens and slides to the side, literally opening your living area to the scenery beyond.

BUILT FOR PERFORMANCE, SECURITY & WEATHER RESISTANCE

TESORO is built for year-round comfort and enjoyment, with state-of-the-art hardware that allows even the largest door configurations to glide from open to closed quietly and with ease.

FEATURES + BENEFITS

- » Features engineered LVL laminated styles and rails, resulting in maximum durability and strength
- » Designed, manufactured and double-weatherstripped to withstand Canada's climate
- » A multi-point locking system provides added security with the turn of a handle
- » Includes the option for a **TESORO** screen - a collapsible screen panel that follows a single narrow floor track
- » Covered by Lux's industry-leading warranty to ensure quality, ease of operation and enjoyment for years to come
